WEATHER REARRANGES 1ST DAY LOGISTICS

By: Janny Brizius

“The best laid plans” often have to be changed. At C.A.M.P we are champions of change, and right from the start yesterday our schedule was determined by God! Though we were able to light the eternal flame at the site, with the extreme wet ground and predictions of more showers on the way, the staff moved the rest of opening ceremonies to the lodge. So also with the Walk Alone Service. For the first time ever, the lodge served as the final destination of the rookie campers walk alone. Yes, it was different than other years but the hastily set up lodge

was beautiful as the rookies and vets made their way around the room. Becca Wise led us in “You’ll Never Walk Alone” and Josh Stewart recalled two sperate times in his life when he realized that he was not alone. Janny led us in a closing prayer and Mike Mahan gave the benediction. It was an inspiring service and a great way to end our first day of C.A.M.P.

THE POWER OF YOU

By Doug Modny

I am AWESOME, I am POSITIVE, I am EXCITED and I am MOTIVATED! That’s what I believe and that is how I live.

Who are you? What motivates you? How do you want to live. I have learned that if you believe it and live it..... It becomes a habit and becomes who you are. How many times have you started a day in a bad mood and the day just seemed to get worse as it went on? Why do you think the day got worse..... Because that was your mind set.

I challenge you– every morning before you come down the hill, before you leave your house, before you start your day– GET YOUR MIND SET! Start the day with a positive purpose and choose to live your life and not just exist in it.

Sunday Night Mixer

By: Lisa Kruse

Once again Dave and his team of mix-masters have successfully entertained the entire camp with both whip cream and oatmeal. The crowd rocked and rolled while passing the ever popular hula hoop and our very own C.J. came out on top. The ice relay

turned into a slippin’ good time but I believe that the best part was building our own sundaes. All of the participants were good sports including Bekah and Amanda from cabin #21 who spent a great deal of time in the shower in order to get all of that slime out! With so many staff

members at C.A.M.P it’s hard to get to know all of them but Dave’s “Identity” game was an instant hit that proved very insightful and informative. Who knew that Karen Overocker was a welder or that Antonio D’Andrea was heading into the military right after camp? All in all it was a great night!
