

Monday Morning Watch  
Listen for YOUR Music--and Dance!

Where is this music?  
How am I supposed to hear it?---- &  
WHY?

YOUR Music is YOUR purpose in life.  
Your very own special purpose!  
All of us come to this world with it,  
But somehow it often gets lost along the way.  
(Other well-meaning folks have different ideas for us;  
Circumstances in our lives push it aside;  
and Sometimes it just seems too difficult.)

But you and God made this decision  
before you were born, and God doesn't just  
send us off here and then leave us on our own.  
He provides special helps for us  
to keep us on the path that we chose together.

and maybe--just maybe---  
C.A.M.P. is one of those helps!

Have you lost sight of Your Music?  
Maybe- this week will help.  
It's blowin' in the breeze and it's blowin' through the  
trees-- Do you hear it?

## **LISTEN!**

Yes, actually listen-- at Morning Watch and other times,  
but also "listen" by trying out new things. (There are lots  
of "new things" available in the different classes offered.)

**LISTEN FOR YOUR MUSIC---  
AND DANCE!**

**Morning Watch  
Tuesday, 2008**

**Listen for YOUR Music and DANCE!**

Have you begun to hear the Music yet?  
It's out there---Waiting for you!  
**LISTEN!**

Some of us will hear the music in quiet times like Morning Watch.

Some of us will hear it in class.

Some will hear it while boating.

Some will hear it while helping a friend with a problem.

One former camper heard His Music while in Newspaper class.  
(He later went on to become the editor of a large California newspaper!)  
He always credited his beginnings to his camp experience.

This could happen to you!

What new skills have you attempted while here?

---

**Our Choice**

Our lives can be a fruitful tree  
Or just an empty pod  
The vital difference well may be  
The quiet times we spend with God.

Wm Arthur Ward
