

**SATURDAY MORNING WATCH, 2008**

**Listen for YOUR Music  
&  
DANCE!**

**And so in just a little while--**

**We will leave this special place.**

**We can always keep it in our hearts though.**

**We will get a Year Book before we leave,  
and it will have everyone's name and contact information.**

**It will also have all of the week's Morning Watches.  
We don't have to leave this experience here in the hills.**

**It can go home with us.**

**Though leaving is a bit sad, it is also joyous, too!  
Now we can really begin to utilize all of the things that we  
learned this week, as we continue to:**

**Listen for Our own Special Music !  
and Dance!**

---

**And now-- May the Lord watch between me and thee  
While we are absent-- one from the other.**

---

**Love to you all,**
